THE SUNDRY CIVIL MEASURE.

A Long Dreary Debate in the House. Free Coinage Again Brought Up in the Senate—The President Issues a Reciprocal Proclamation—Other News from Washington.

WASHINGTON, May 27.—The dreary consideration of the sundry civil bill was again resumed in the house yesterday, and amendments were adopted in committee of the whole prohibiting the opening on Sunday of the government exhibit at the world's exposition. Notice was given by Mr. Lynch, Democrat, of Wisconsin, that a separate vote would be demanded on this amendment in the house.

Sixty thousand dollars was appropriated for a military post at Little Rock, Ark., and \$5,000 for barracks at the soldiers' home at Marion, Ind.

A debate ensued over an amendment, which was adopted, prohibiting any person holding a government office from receiving compensation for discharging the duties of any other office, and limiting the fees of the clerk of the district or circuit courts to \$3,000 per year, of commissioners to \$1,500, and that no district attorney shall retain more than \$6,000 per year for his compensation and expenses.

Amendment of Mr. Cummins, Democrat, of New York, was adopted, providing that the act should not apply to the clerks or deputy clerks of the district or circuit courts for the southern district of New York. This precipitated a political debate regarding elections in New York state, in which Mr. John I. Davenport, of New York, was arraigned by Mr. Cummins, Democrat, of New York; Mr. Fitch, Democrat, of New York; Mr. Warner, Democrat, of New York, being defended by Mr. Payne, Republican, of New York. Without concluding action on the measure the house adjourned.

Encouraged by the vote Wednesday, by which the senate refused to refer his silver resolution, Mr. Morgan, of Alabama, yesterday, incited Mr. Stewart, of Nevada, to move to proceed to the consideration of his free coinage bill. This motion in a senate hardly two-thirds full; some senators avoiding a vote and others being paired, was carried, two Republicans, seventeen Democrats and two Farmers' Alliance voting in its favor. The senate has now apparently entered upon limitless debate of silver free coinage.

PRESIDENTIAL PROCLAMATION.

Reciprocal Trade Relations Established with Austria-Hungary.

WASHINGTON, May 27.—Formal proclamation was made yesterday by President Harrison of the establishment of the reciprocal trade relations between the United States and Austria-Hungary, the negotiations for which were completed some weeks ago, as announced by the United Press.

The arrangement went into effect Wednesday, and covers on the part of the United States free admission to this country of the articles named in Section 3, of the tariff act of 1890, viz.: Coffee, tea, molasses, sugar and hides produced in Austria; and on the part of Austria-Hungary, the free admission into that country of all the articles of merchandise, the product of the United States of America, named in the commercial treaties which Austria-Hungary has celebrated with Germany and other nations on the terms stated in said treaties.

Rain-Making Tests.

WASHINGTON, May 27.—Secretary Rusk and Assistant Secretary Willets, of the agricultural department, Thursday appeared before the committee on agriculture and indorsed an appropriation to continue the test of rain-making, though Mr. Willets thought the cost of making rain would overbalance the good it would result in in most cases.

THE RED FLAG OUTLAWED.

Symbolical of Disorder and May Be Seized Wherever Found.

CHICAGO, May 27.—Chief of Police McClaughy obtained a victory over the Chicago Debating society, and the action of the police force in seizing the red flags carried in the labor procession on May Day was justified by the finding of the jury in Justice Prindiville's court Wednesday afternoon.

The only witness for the defendant was Chief McClaughy, and he admitted the taking of the flag and also admitted the possession of it. He said the flags were seized because they were the symbols of an unlawful purpose and he believed the carrying of them through the streets of the city was a menace to the law and order.

Funeral of a Mayor.

MIDDLETON, O., May 27.—The funeral of Colohel Daniel Bowman, mayor of this city, occurred yesterday from the M. E. church. All business in the city was suspended from noon till 3 o'clock. The Masonic order, Knights of Pythias, Odd Fellows, Ancient Order of Hibernians, Sons of Veterans and two Grand Army posts attended, as did all the city officials, fire department, school board, board of trade and the colonel's old regiment, the Ninety-third of Ohio.

Steamer Quadra Wrecked.

VICTORIA, May 27.—News has been received here of the wreck of the government steamer Quadra, on her way to Berhing sea, with Professor Macoun, in search of sealing information. Mr. Macoun and the captain reached here Tuesday night. The vessel was wrecked on Queen Charlotte island.

WATERSPOUT AT KINSMAN, O.

Six Persons and Several Head of Stock Drowned.

NILES, O., May 27.—Wednesday night a message arrived from Kinsman, on the Pymatuning river, twelve miles from here, giving information of an awful waterspout. It broke over the town at 6 o'clock Wednesday morning. Six people were killed and a number injured. Several physicians went from here to treat the wounded. The storm started about 4 o'clock in the morning.

The rain came in torrents and the river overflowed its banks. Suddenly a dam two miles above the town burst and an awful flood came sweeping everything before it.

J. B. Robbins, his wife and two children were eating breakfast when the flood came. Their house was washed away and the four were drowned.

K. Stewart and his son were feeding their horses when the barn was swept away. Both men and all the stock were drowned.

J. D. Campbell and wife swept down with the current, but landed at the bridge abutment and were rescued. All the bodies were recovered from among the drift.

The loss of stock and to crops will aggregate \$20,000.

OUR FLAG OUTRAGED.

Canadian Soldiers Compel Montreal Merchants to Take It Down.

MONTREAL, May 27.—Tuesday three petty officers and five men of a brigade of the Montreal garrison artillery, stepped into the store of Lorge & Company, hatters, and demanded that the stars and stripes flying outside be taken down. The clerk in charge pointed out that French, Belgian, Swiss and British flags were also flying as well as the American flag, for decorative purposes only. However, the men insisted on the removal at once of the American flag. To avoid trouble the stars and stripes were taken down at once. The same lot of soldiers then visited the store of one Poitras and made a similar demand as to the American flag, which, with others, was floating in the breeze. Again, to avoid trouble, the obnoxious banner was hauled down, folded up and taken inside the store. Several stores in the vicinity were visited and the owners were compelled to take down the American flag from its position. The matter has been reported to the brigade major and an investigation will be held.

FEMALE LABOR UNIONS.

Organizations to Be Established in Various Cities.

CHICAGO, May 27.—For the first time in the history of the American Federation of Labor a female organizer is to take the field in its behalf. Miss Mary E. Kenny left Thursday morning for New York, and will at once enter upon the work of organizing the female workers in the various cities of New York and other eastern states.

Her first eastern work will be among the bindery girls of New York city, and after they are organized she will interest herself in behalf of the shirt-makers and kindred trades.

The Chicago unions which owe their existence to her efforts are the bindery girls, the shirt makers, cloak makers and hackmen, and she was also instrumental in organizing the female shoe operatives.

Will Now Deal with Uncle Sam.

INDIANAPOLIS, May 27.—Harry H. Herdman, in custody for attempting to kill his wife, was yesterday turned over to the federal authorities. He is charged with using the mails to defraud. Thousands of dollars have passed into his hands through the following scheme: He established the fictitious American Credit company. Applicants for agencies were required to procure bond from the Anglo-American company, of Windsor, Canada, of which H. A. Hanson was the alleged secretary. Occasionally Herdman would cross to Canada, receive the mail addressed to Hanson, and cash the checks sent in payment for bond. Scores of persons in Ohio and Indiana are said to have been victimized.

An Inventor Honored.

LIBERTY, Ind., May 27.—John L. Rider, of this place, has been awarded a gold medal by the Association of Inventors, of Paris, France, on his patent grain drill feed. He has also been elected an honorary member of the association, containing 500 members; whose inventions are of unusual importance to the world. Mr. Rider is a member of the Columbia Manufacturing company, of this city. A syndicate from eastern cities has been trying to get control of the patents, but they can not be bought.

Indiana Prohibitionists.

INDIANAPOLIS, May 27.—The state Prohibition convention placed full state ticket in the field yesterday, as follows: Governor, Rev. Aaron Worth, of Jay county; lieutenant governor, C. W. Culbertson, of Shelby county; secretary of state, James McCormick, of Gibson county; auditor, Frank Taggart, of Brown county; treasurer, H. H. Moore, of Benton county; attorney general, C. S. Dobbins, of Martin county.

Strike Settled.

NEW ORLEANS, May 27.—The car strike was settled by arbitration last night. A committee composed of five from the labor conference and five from the railroad companies, with Mayor John Fitzpatrick as umpire, was in conference two hours. According to the agreement the status quo of May 18 is restored. None but union men to be employed, excepting the few at work before that date.

Died of His Injuries.

MUNCIE, May 27.—Walter Markham, the Pittsburg stonemason who had his feet cut off at Daleville by a Big Four freight train Monday night, died yesterday.

THINKS SHE SAW HEAVEN.

Strange Lunacy of Mrs. E. Thornton, of Knightsville, Ind.

BRAZIL, Ind., May 27.—Mrs. E. Thornton, who for many years has lived in Knightsville, two miles east of here, and who has been somewhat averse to the teachings of the Scriptures, was mysteriously seized with religious proclivities last Sunday while attending prayer meeting and since that time has been crazy.

She walks all day up and down the Vandalia railroad track, reading her Bible. While she has attracted considerable notice from the citizens of that quiet town, she has not been disturbed, all of her actions were harmless, and called forth no alarm of danger to any one. At night time the old lady, whose hair is silvered by age, kneels, and persistently prays to be made better.

Mrs. Thornton walked to Eelsville, on the bank of Eel river, a few miles east of her home, saying she was called there by a divine power to see Noah's ark, and that thousands of angels in their snowy garb were on board beckoning to her to come and join them in their heavenly flight. She claims she has visited heaven, and seen all its beauties, its golden gates, its celestial cities, crowned saints, blooming flowers, beautiful streets, and everything that one's mind could conceive or imagination conjecture.

The unfortunate woman believes she belongs to the divine kingdom, but says she has not gone enough good on earth yet to take up her abode with the angels. She imagines she can force the coming of the judgment day, and says her mission on earth now is to save those she loves, that they might enjoy everlasting life. She claims that unless some of her associates below could be with her in that happy land she would be discontented.

KILLED THE DESTROYER.

Sensational and Fatal Shooting in a Hotel Dining Room.

LINCOLN, Neb., May 27.—The guests at the breakfast table in the Lincoln hotel yesterday morning were startled by the report of a pistol shot in the dining room, and the exclamation: "Die, you villain," uttered in a shrill and passionate voice. A guest at one of the tables was seen to sway backward and forward in his chair and finally fell to the floor before assistance could reach him. His assailant hurriedly left the room, but was arrested in the hotel office and held for the police authorities.

The wounded man was found to be sinking rapidly and a physician was summoned but before he arrived the man was dead. His name is Charles E. Montgomery and he is president of the German National bank. His assailant was William H. Irwin, a prominent business man. After having been turned over to the officers, Irwin made a statement in which he charged Montgomery with seducing Mrs. Irwin and her daughter. The tragic affair created a most intense excitement. Irwin is now a member of the Utah territorial legislature and was formally a partner of Montgomery's. He claimed that Montgomery ruined his wife and daughter in Chicago at the Hotel Curtis and showed alleged confessions to substantiate the fact.

"Kid" Burglaries.

MUNCIE, Ind., May 27.—Petty burglaries continue in an alarming manner in this city, and Chief Robinson and his entire police force are being boldly defied with what seems to be an organized band of "kid" burglars, who operate nightly. Last night E. Geiger's bakery, Calvin Haines' meat shop, "Noah's Ark" second hand store and Gilmore's meat shop were broken into; also J. W. Hilling's dwelling. Nothing but small change was taken.

A Lady's Fatal Fall.

MIDDLETOWN, O., May 27.—Mrs. Abraham Crider, of Heno, was carrying a large tin bucket down stairs yesterday when she slipped and fell to the bottom. In the fall her head struck the rim of the bucket, cutting a frightful gash across the forehead and left temple. She is in a critical condition, with small chances of recovery.

Disagreed Again.

WHEELING, May 27.—After being out seventy-two hours the jury in the Garrison murder case again reported itself unable to agree yesterday. It will probably be discharged. This is the third trial and second disagreement.

Destructive Fire.

BERLIN, May 27.—In Marsberg, Westphalia, yesterday, forty-six houses, twenty-four stables and eighteen warehouses were burned. About sixty head of cattle perished in the flames. More than 250 persons are homeless.

Wichita Falls Has a Big Fire.

WICHITA FALLS, Tex., May 27.—A fire, which originated in J. C. Spigle's hardware store, spread so rapidly that before the firemen could gain control a number of buildings were burned. Among them was the Panhandle National bank. The loss is estimated at \$100,000; insured for \$60,000.

Close Call for Lord Salisbury.

LONDON, May 27.—Lord Salisbury's carriage was overturned in the street Thursday and the coachman injured. The premier was extricated from the wreck by passersby and walked to the foreign office, saying that he was not in anyway injured.

Commercial Treaty Signed.

PARIS, May 27.—The commercial treaty between France and Spain has been signed. France will enjoy the privilege of the most favored nation in the West Indies and Spain will have the benefit of France's minimum tariff.

Is a President Now.

SAN FRANCISCO, May 27.—Byron J. Price, of The Star and Times, of Hudson, Wis., was elected president of the National Editorial association at yesterday's meeting.

BOOMING BLAINE.

An Effort Being Made to Nominate Him.

A PROGRAM HAS BEEN LAID OUT.

Filibustering Will Be Resorted to in the Minneapolis Convention Until Blaine Will Be Called on to Break the Deadlock—A Conference of the Blaine Men Will Be Held Two Days Before the Convention.

NEW YORK, May 27.—The rumored conferences which was given out to be held at the Fifth Avenue hotel by the advocates of Blaine's nomination was abandoned, so far as formal conference is concerned. A suspicious quietness prevailed among the political leaders last night, and any appearance of a large gathering was sedulously avoided.

It is nevertheless understood that the plan by which it is hoped to capture the nomination of the Maine man has already been decided upon. No effort will be made to force Mr. Blaine's nomination on the first ballot. It has been considered inadvisable to do that. Mr. Blaine will decline to permit his name to be used. The plan is as follows:

Word has been sent to the faithful that only the most pronounced supporters of Mr. Blaine among the Minneapolis delegates shall cast their votes for their favorite on the first ballot. The balance of the uninstructed vote will be thrown to other favorite sons, and the filibustering will be kept up until it is definitely settled that a nomination is impossible. Then when all hope of nominating Harrison, or settling on any other candidate is abandoned, Blaine will be called upon as the only person to break the deadlock, and he will be nominated with a hurrah. This is the program as mapped out, and it will be followed out to the letter if the plans of the Blaine enthusiasts do not miscarry.

Chairman J. S. Clarkson did not arrive last night from Washington. He is expected, however, today.

Senator Hisecock left yesterday for Syracuse, and Senator Platt took a night off at the theater.

The reputed interview of Governor Ames with Secretary Blaine, of which much has been made, turns out to have slight basis for anything authentic. The only conversation between the secretary and the ex-governor was in the hotel dining room when they breakfasted together. Mrs. Blaine was present and only commonplace conversation was held.

Mr. Blaine called yesterday forenoon at the Damrosch residence, where he left Mrs. Blaine. He returned to the hotel at 1 o'clock. At 2 o'clock he paid a visit to his oculist, then he drove into the park and at 4:15 went to get Mrs. Blaine. He spent the evening at the hotel, receiving but few callers.

The sentiment at the hotel last night was that the secretary would be nominated, and, furthermore, that he would accept. The administration folks believe that President Harrison will eventually be the winner.

It is now known that Mr. Clarkson, ex-Secretary Fasset, Chauncey I. Filley, Sam Fessenden, of Connecticut, and other eastern members of the national committee will hold the expected conference over the situation. Most of these gentlemen have been through the country and have had frequent talks with prominent Republicans in Washington. It was expected that these would be followed by a grand confab in New York before Mr. Blaine leaves town, but the program has been changed. Many a veteran member of the committee could not find it convenient to come to New York just at this time. It has, therefore, been decided to have the convocation of those seeking a candidate other than the president at the West house in Minneapolis on June 5, two days before the convention.

CAPTURED SIX.

United States Marshal Lands Lynchers in the Cullman Jail.

CULLMAN, Ala., May 27.—This city was thrown into intense excitement yesterday by the arrival of Detective John Thomason and Deputy United States Marshal Smith, having in custody six men whom they arrested fifteen miles from Cullman late the previous night upon the charge of murder and participation in the lynching of Monroe and John Evans last summer.

Governor Jones offered a large reward for the capture of the lynchers, and since that time these two officers have secretly woven a net around those arrested and landed them safely in jail here. The prisoners are Squire Heaton, Daniel Dandy, two brothers named Charles and William Stewart and two brothers named King. The prisoners have waived examination until Monday.

Arrested for Murder.

RISING SUN, Ind., May 27.—John Huey, colored, was taken from the steamer Big Sandy last evening on the charge of having murdered William Ewald a week ago Sunday at Big Bone, Ky. He was recognized as one of the roustabouts of the boat by a boy, who informed the officers at this point. The murder is said to have been unprovoked. Huey has a bad reputation.

Burglars' Rich Haul.

PIERCETON, Ind., May 27.—Last night burglars cut a window, entered the residence of M. Chaplin, and secured over \$300 in cash, and notes, stocks and certificates valued at from \$20,000 to \$30,000. No clew.

For Sheriff,

J. C. JEFFERSON.

WEATHER INDICATIONS.

For Kentucky, Fair, slightly cooler, north-west winds.

The first Democratic convention of colored men ever held in a Northern State convened yesterday at Albany, N. Y. It is the Cleveland League of colored Democrats. The next thing you hear of Republican editors will be roundly abusing this organization.

The Cincinnati Enquirer labored at considerable length yesterday to show that Kentucky Democrats are opposed to Cleveland. There was nothing done in the State convention at Louisville to warrant anything of the kind. It was a Cleveland crowd, but they adopted the wise course of sending their delegates to Chicago uninstructed, leaving them free to act for the best interests of the party.

After Shantyboats.

A bill is pending in the Legislature requiring all owners or occupants of shantyboats to secure license therefor, and prescribing penalty for failure to do so. License is fixed at \$25 to \$50, according to number of persons occupying it. Penalty for failure to take out license is a fine of not less than \$50 nor more than \$100. The bill will likely pass and have the effect to rid the river of thieves and river rats and give honest men a chance to catch fish for a living. It will also be a protection to farmers along the river, provided Ohio will only pass a similar law.

Musical and Literary Entertainment.

Under the auspices of the ladies of the Missionary Society of the Lewisburg Baptist Church, a musical and literary entertainment will be given at the residence of Squire J. M. Alexander Friday evening, June 3, by Professor A. Frost and eight of his pupils of that neighborhood, assisted by some of the best talent of this city. Admission 35 cents.

After the programme is rendered, refreshments, consisting of ice cream, strawberries, cake &c., will be served free of charge to every ticket holder. Proceeds for the benefit of the church. Let all turn out and aid in a worthy cause.

"Wine Bob" Nabbed.

Dick Kyle, whose name has been again familiar in police circles at Cincinnati and Chicago for the last few weeks, has been arrested in Chicago. He was taken into custody Wednesday. Kyle is accused of stealing about \$10,000 from a bank by means of raised checks. When the indictment was returned he could not be found, and a description of him was sent to the police. Kyle, it appears, had been in the East, and only arrived in Chicago Wednesday morning to clear up some business matters. He had not heard of his indictment, and was greatly surprised when Deputy Sheriff Morrison, recognizing him from his description, arrested him. Kyle's bond has been fixed at \$10,000.

The Latest Fad.

"What next? The newest fad in the summer girl's dress is the suspender decoration. When a few days ago, a young woman in Williamsburg appeared on one of the busy thoroughfares wearing over her dress waist a beautiful pair of suspenders made of gold braid, with belt attachment, people stopped in their hurried walk to turn and look, then stopped and looked again, then rubbed their eyes to make sure of what they had seen," says the New York World. "But there she was strolling on with the calmness and placidity known only to a woman who is conscious of creating a sensation with her latest effort in dress. And over her pretty shoulders and encircling her slender waist glittered the bands of gold in the noonday sun, while buckles and buttons and straps held the gaudy things in place."

THE SANITARIUM.

Eighteen Patients Are Now Entering Upon The Third Week of Treatment.

They Are All Eager to Certify to the Good Effect of the Wonderful Cure--Success of the Institution Assured.

Eighteen patients in the two weeks of the existence of the Maysville Sanitarium have been under treatment, nine of whom are entering their final week of graduation. The last week they are placed upon a basis of trust, having every opportunity to indulge in the habit for which they sought to be cured. In no instance has any patient felt the least desire for stimulation or intoxicants. They are eager to certify to a perfect cure, and that an appetite for whisky is as foreign to them as to a child.

The success of the institution was an assured fact from the start. The Duncan syndicate sent a well-known attorney here to investigate the field, before entertaining the idea of starting a sanitarium. He selected from our local physicians a staff upon whom he could place the great responsibility of meeting the intricate complications resulting from opium and alcoholic habits. He selected for stockholders such of our business men who would extend along with the grasp of business qualifications the hand of philanthropy and charity. The names of the stockholders below are guarantee sufficient that the Sanitarium has the welfare and good of the community at heart.

The treatment is upon the strictest scientific basis, and in offering himself

the patient must undergo a rigid physical examination before being treated. Physicians throughout the vicinity with few exceptions have given the Sanitarium a hearty endorsement and substantial aid. Any opposition and discouragement comes from selfish motives and ill-founded criticism. Any attack upon the enterprise is an insinuation upon the judgment and interest of those composing the company.

The persons most enthusiastic for the continued success of the institution are the wives, children and friends of those who are already released from the bondage of alcoholism. And that advice most hurtful to your fellowman, is to discourage his effort at reform.

Gold will do more for the world as a medicine, than it has already done as a coin.

GUARDIAN AND WARD.

Decision of Court of Appeals in the Case of Taylor Versus Taylor, From Bracken.

The Court of Appeals in affirming the above case on cross appeal, says: "A guardian having chosen to take possession of and cultivate his ward's farm on his own account, and appropriate the proceeds, instead of leasing it to another, his ward has the right to recover the net amount of what was so received by him if it can be with reasonable certainty ascertained. And the Chancellor, in this action by the ward to surcharge the settlements made by the guardian with the County Court during a number of years, should have ordered a reference to the Master Commissioner to determine the net amount realized by the guardian from the operation of the farm. But as he failed to do so, and it appears that the guardian did not keep an account of the services and expenses incurred in operating the farm, or of the proceeds of crops, justice can now be done as fully, and certainly sooner, by adhering to the basis of the County Court settlements wherein the guardian was charged with rent; but as he was charged with too small an amount on that account, that error should be corrected. But, as it is fair to presume that the guardian charged his ward (a nephew) with all he felt, on account of his near relation and dependent condition, he ought to charge him, no credits should be allowed in addition to those allowed by the County Court."

He has since confessed and told where the stolen goods were hid.

IN MEMORIAM.

At his home in Cynthiana, Ky., on Monday morning, May 16, 1892, after an illness of several weeks, surrounded by his devoted wife and sorrowing children, John C. Walden was called to his final rest and reward.

His funeral, preached by Rev. I. B. Grubbs, of Lexington, assisted by Rev. McGinn, of Winchester, would have been an extravagant eulogy upon other men, but of him it was bare justice. The large concourse of sorrowing friends, irrespective of religious convictions, assembled to pay the last tribute of respect to one they loved, attested his universal popularity. He joined the Church of the Disciples at the age of seventeen, and after a well-spent life, and at the ripe age of seventy, it would seem meet and befitting that he should be called to enter into the rest prepared for the faithful, but we can but feel that his life work was not finished, that there was much yet for him to do that he only could accomplish, and all over this land there goes up a wail of sorrow from the many homes to which he has brought cheer and comfort that they shall see him no more.

His profound knowledge of the Bible, clear perception, impartial judgment, rare tact and forcible argument eminently fitted him for a teacher, and as such he had few equals, and no peers in our church. Like his blessed Lord and Master, he went about in peace, and his heart was so purified by love that the dross was all consumed, and the light from this kindly heart shone out and illumined the pathway of many, burdened with perplexity, doubt and distress. And now, since he has gone to that strange country—the beyond—it seemeth such a little way to me, and yet not strange, for it has grown to be the home of those of whom we are so fond." H. S. E.

CINCINNATI TOBACCO MARKET.

[Wednesday.]
The breaks were of good size, being 154 hds of old and 599 of new, making 753 hds in all, which is the largest offering for some time, and 210 hds more than the corresponding day last week.
There was a good array of buyers, and the increased offerings, with an improvement in quality, caused them to be active bidders.
The demand for old tobaccos, such as are being offered, is only fair, and the market is quiet and steady.
For all grades of new there is a good demand, except when out of condition, and the market was very firm.
The Bodmann sold 48 hds of new at from \$15 to \$25.
Of the 154 hds (old) 5 sold from \$2.40 to \$3.90, 17 from \$4 to \$5.95, 96 from \$6 to \$7.90, 28 from \$8 to \$9.50, 7 from \$10 to \$11.25, and 1 \$12.
Of the 599 hds (new) 11 sold from \$1.50 to \$3.50, 76 from \$4 to \$5.95, 211 from \$6 to \$7.95, 75 from \$8 to \$9.90, 59 from \$10 to \$11.75, 85 from \$12 to \$14.75, 67 from \$15 to \$19.75, 14 from \$20 to \$23 and 1 at \$25.

THE PLATFORM.

Resolutions Adopted by the State Democratic Convention.

Complete List of the District Delegates and Alternates—The New Committees.

The platform adopted by the Democratic State convention at Louisville this week is as follows:

"The Democracy of Kentucky, in convention assembled, declare:

"First—That we indorse and reaffirm the principles of the Democratic National platform of 1888.

"Second—That we condemn the principles and measures of the Republican party, as exemplified in its iniquitous tariff legislation, its advocacy of the infamous Force bill, its extravagant pension laws, wastefulness of the public funds, class legislation and centralization. And in striking contrast with these dangerous measures, we indorse the Democratic idea of tariff reform and economical government, whereby the great mass of the people would be relieved of unjust burdens of taxation.

"Third—We demand a sound and stable currency composed of or redeemable in gold and silver coin. We declare it to be the mission of the Democratic party to preserve the parity in value of gold and silver dollars, and to provide the means by appropriate legislation for the free coinage of silver without detriment to any business interest and to the great relief of our over-taxed and debt-ridden people. We denounce the Republican party for the demonetization of silver and denounce its subsequent legislation in regard to silver coinage as delusive and deceptive in tendency to benefit the clamors of the silver-producing section without regard to the interests of the country at large, and declare our solemn conviction that intelligent and patriotic legislation upon this important subject can only be expected when the Democratic party shall secure the control of the legislative and executive departments of the Government.

"Fourth—That we heartily indorse the Democratic administration of Grover Cleveland, as President of the United States, which administration demonstrates that the Democratic party and its leaders are worthy of the full confidence and support of the American people.

"Fifth—That our delegates to the National convention go uninstructed, except to use their best endeavors for the success of the Democratic party and its principles."

Mr. McKenzie is a strong Cleveland man. He said that he would vote for him if no one else did.

Mr. Watterson's views are well known. Among the district delegates, two—

John S. Rhea and W. A. Helm—are opposed to Cleveland; four—W. B. Haldeman, W. J. Abraham, J. C. Terrill and R. F. Harrison—are for Carlisle; T. E. Moss, Reuben A. Miller, C. M. Meacham, B. E. THE Bourbon Common Pleas Court has appointed a trustee to manage Dinwiddie McKee's estate. This was the fourth trial, but it is not likely to go further as the heirs are beginning to think the lawyers have already had enough. GENERAL ASSEMBLY.

Church Conferences at Three Different Places.

PITTSBURG, PORTLAND, OMAHA.

Thirty-Fourth Annual General Assembly of the United Presbyterians—Last Day of the M. E. Conference—Dr. Briggs' Trial at Portland.

PITTSBURG, May 27.—The thirty-fourth annual general assembly of the Union Presbyterian church was opened yesterday in the Second United Presbyterian church, Allegheny. Nearly all of the 269 delegates were present and others are expected. In the absence of the moderator, Rev. Dr. Kennedy, of College Springs, Ia., Rev. W. W. White, D. D., of Xenia, O., presided. The assembly will be in session a week or ten days.

Nominations for moderator were called for. The names of Dr. David McDill, of Xenia, O.; Dr. J. T. McClure, of Wheeling, W. Va., and Dr. Robert Stewart, a missionary, were placed in nomination. One hundred and seventy-six ballots were cast. A second ballot was necessary for a choice, resulting in the election of Rev. Dr. David McDill. After a brief address the moderator announced that the assembly was ready for business.

Dr. W. T. Maloy, of Chicago, first secured the floor and offered a resolution as follows:

To Hon. William A. Stone, Washington:

The general assembly of the United Presbyterian church of North America, now in session at Allegheny, Pa., have read with pleasure the noble position taken by many of our representatives in the national congress in opposition to the opening of the gates of the Columbian exposition on the Lord's day, and also in opposition to the sale of intoxicating liquors on the grounds. We express the hope that no appropriation be made to the fair except on condition that the gates be kept closed on the Sabbath and the sale of intoxicating liquors be prohibited.

The resolution was adopted, and it was decided to send the resolution by telegram to Colonel Stone.

The clerk then gave the general statistics of the church as follows:

There are 10 synods and 60 presbyteries, a total of 796 ministers; 920 congregations and 169 mission stations; 20 churches were erected during the year at a cost of \$105,500; in membership there were 10,297 removals (1,618 by death) for various causes.

The total membership was 109,108, an increase of 3,000; the total number of Sabbath schools was 1,000, with 98,859 scholars. The total contributions were \$1,286,288. The church extension report showed a balance on hand of \$9,982.42, with total appropriations of \$39,530. There were seventy-six beneficiaries of the board of education, with receipts of \$12,912.19. The board of home missions expended \$1,098,397. The third Sunday in October was recommended as a day of special prayer for the Sunday school.

Several appeals and memorials were presented, after which the standing committees were announced.

It was decided that the hours for sessions shall be 9 to 12 p. m., 2 to 5 and 7 to 9 p. m.

The afternoon session was taken up in hearing reports and referring the same to proper committees.

That of the committee on "Federation of all of the churches in the United States holding the Presbyterian system" was probably the most interesting. The report sets forth and commends the objects sought, and asks that the assembly appoint a conference committee for the purpose of further considering the subject and report to the various synods and general assemblies suitable recommendation for action.

A telegram was ordered sent to the quadrennial conference of the M. E. conference at Omaha, Neb., conveying greeting and referring that body to Hebrews XIII, xx-xxi verses.

The report of the committee on Sabbath mails and Sabbath opening of the Columbian exposition was read and the matter left open for discussion.

At the night session home and foreign mission work was discussed.

M. E. CONFERENCE.

Last Day's Session of the Omaha Meeting.

OMAHA, May 27.—The last session of the Methodist Episcopal quadrennial conference yesterday was presided over by Bishop Fitzgerald. The sifting committee had arranged an order of business burying the unimportant committee's report. An attempt was made to take off the table the report of the committee on temporal economy, but it failed.

The conference ordered the treasurer of the missionary fund to pay into the episcopal fund the amount of the missionary bishops' salary. When the committee on revisions made its report exceptions were taken to the report as ordered by the chairman, the claim being made that the paragraphs relating to the use of tobacco had been omitted without the knowledge of the committee. The omissions were added and the report adopted.

The committee on state of the church in relation to organic union of all Methodist churches recommended that the bishops report a commission of three bishops, three laymen and three ministers to confer with like commissions from other churches which the bishops are asked to require; adopted.

The Rocky Mountain Advocate was made an official organ of the church, provided, however, that the book concern and church shall not be held liable for any loss. Any conference may adopt the paper for its official organ. The Omaha Advocate asked a similar franchise and the committee so recommended.

Elder Shank pledged himself to turn over all the profits above actual expense of editors, etc., to the worn out preachers in Nebraska.

Dr. Buckley raised the point that this would be inequitable, as Nebraska would get a double share of the contributions to the superannuated fund. He called attention to the fact that every such in-

dependent paper draws directly from the official papers their patronage and profits. He argued that in doing this the editors of the regular papers are absolved from all responsibility for the circulation of their papers.

The conference disposed of the woman question just before final adjournment. Dr. Hamilton offered an amendment to the report of committee on judiciary—that the provision be submitted to the annual conferences requiring that the words "must be male" be inserted after the words "lay delegates", where ever they appear in the discipline, and that unless three-fourths of the annual conference and two-thirds of the general conference upheld it, then the law must be held to mean male and female both.

The amendment was adopted by a vote of 241 to 180. This sends the matter to the annual conference, and the men must defeat the women two to one in order to keep them out if the next general conference does not vote two to one against the admittance of women. The women went wild with delight.

PRESBYTERIANS.

Trial of Professor Briggs Before the General Assembly.

PORTLAND, Ore., May 27.—The trial of Professor Briggs, of New York, occupied the entire time of the general assembly yesterday. The church was crowded at an early hour and Mr. Briggs and Dr. Birch, the head of the prosecuting committee, sat on the platform. Dr. Young, the moderator, announced that each side should occupy an hour and a half, discussing merely the constitutional questions without referring at all to the merits of the question.

Dr. Birch, the head of the prosecuting committee, in presenting the case, said the appearing of the prosecuting committee at the assembly was strictly constitutional, although it was usual to go directly from the presbytery to the synod.

Dr. Briggs argued that there were no reasons for entertaining the appeal of the prosecuting committee. If their case was a good one they should go directly to the synod. He contended that the entertainment of the appeal by the assembly would be an injustice to him, and, in closing his argument, pleaded for justice and asked the assembly to refer the case to the synod of New York.

After further argument the assembly, by vote of 385 to 122, laid on the table the minority report of the judicial committee recommending that the appeal be not entertained and the case be referred to the New York synod. By a large vote the appeal was entertained and the trial was begun.

When the report of the New York presbytery was presented Dr. Briggs raised the point of its inaccuracy as compared with the minutes taken by the Union seminary's stenographer. It was thereupon decided to receive both, and the assembly then adjourned for the day.

HALLELUJAH CAVALRY.

A New and Startling Movement of the Salvation Army.

SAN FRANCISCO, May 27.—The Salvation Army here has decided to organize a cavalry corps for missionary work throughout the state. Horses are now being trained by an ex-cowboy Salvationist and members of the cavalry company include several good musicians. It will leave here next Tuesday and proceed down the coast to San Luis Obispo, then across the mountains to Bakersfield and home through the San Joaquin valley. Among the cavalrymen is one Chinaman, who is to preach to Mongolians in their own language. The cavalry will camp on the road and military discipline will be enforced.
